DEVELOPER MIKE GUINTA (standing) shows a map of the parcel of the old Tryner farm to residents during a meeting of the planning and zoning board on Aug. 7. Guinta hopes to redevelop into commercial, industrial, and residential lots. The initial proposal was not well received in the hour-long meeting.

Development proposal for Division Street hits a wall

BY MARNEY SIMON
EDITOR

A plan to develop 78 acres of the Tryner farm that sits between Division and Center Streets was brought to the city of Braidwood's Planning and Zoning Board this week.

But the hearing turned into what can only be described as a hot mess, with residents yelling at the developer, the members of the zoning board, and in some cases, each other.

The property, located at 1121 N. Division St., is owned by Ensure Construction, which is operated by developer Michael Guinta.

Guinta, whose construction company has also built dozens of homes inside the Townes of Braidwood subdivision, purchased the property in December 2022 for \$537,972.

Last month, signs announcing the public hearing for development of the land went up along Division Street, and neighbors in close proximity were notified of the public hearing via certified mail.

But when those notices were also shared on social media, residents immediately expressed frustration with the site being developed, and the lack of information regarding those plans.

Per the public notice, which was also printed in the July 19 and July 26 editions of the *Braidwood Journal*, the public hearing was being held "for a zoning amendment to allow multi-family residential fronting on Center, business/commercial on Division, and Industrial on interior."

The hearing notice did not include information about annexation, which would need to be complete along with any other zoning amendments as the property is not currently within the city limits.

"WE'RE OPEN FOR DISCUSSION, WE'RE OPEN FOR CHANGES, WE'RE OPEN FOR SOMETHING THAT WILL BE GOOD FOR THE TAX BASE HERE THAT WON'T BE A DEMAND ON THE SCHOOL SYSTEM... WE TRIED TO CREATE SOMETHING THAT WILL WORK FOR ME, I'M IN THE BUSINESS TO MAKE MONEY. BUT, I'M ALSO IN THE BUSINESS TO MAKE COMMUNITIES BETTER, AND THAT'S WHY WE WANT YOUR INPUT."

MICHAEL GUINTA
BUILDER/DEVELOPER

More than 50 people attended the hearing on Monday, Aug. 7 at City Hall.

Guinta kicked off the hearing with a brief presentation on the project, which included only vague descriptions of his plans for the property.

"This is a proposal, it's a suggestion as to what we would think is best for this property," Guinta said. "You may not think so, which is perfectly fine. We're open for discussion, we're open for changes, we're open for something that will be good for the tax base here that won't be a demand on the school system... We're looking for employment, a lot of people could walk to work here, several of which have asked me about this. So, we tried to create something that will work for me, I'm in the business to make money. But, I'm also in the business to make communities better, and that's why we want your input."

Guinta said the property was unique, because it presented with potential for multiple types of development.

The proposal, which did not include any specific drawings, would include commercial development along Division Street, such as retail/shopping developments, industrial/warehouse

in the center, and four-story apartment buildings fronting Center Street. Guinta said there would also be water retention in the center/industrial area, to not cause issues with flooding or stormwater retention.

But when the planning and zoning board opened the public hearing, the room erupted into chaos, with few people following the rules of order and instead shouting out their questions, concerns, and objections to the development.

When asked how many apartments are anticipated for the multi-family residential area of the development, Guinta's response drew an audible collective gasp from the crowd.

"It could be 400," Guinta said. "If you have ever traveled I-55 at Cass Avenue, if you're familiar with that area, right behind public works there is a five-story all brick condo building. Beautiful. Very nice buildings, that's what I would work on that end, four stories."

That comment immediately prompted several comments about the burden so many people could place on the school system. Guinta also did not have any preliminary drawings for apartments, but did say there would likely be

multiple buildings.

From there, questions came from a handful of people who took to the microphone, but most of those questions came as shouts from the room.

Asked about what kind of jobs the development could create, Guinta said that was still open.

"We're looking for manufacturers, we're looking for a Menards, we're looking for a Walmart, we're looking for those kinds," Guinta said.

When asked if the apartment complex was meant to accommodate Section 8 housing, Guinta said he had no intention of creating Section 8/low income housing, but was not clear if he would be the landlord of the site or if the residential buildings would be sold or under a management company.

Residents also had questions about truck traffic, the burden a large residential and industrial/commercial development could place on the police and fire districts, the development being placed on old coal mine shafts, adding additional store fronts when vacant properties are already in town, heavy traffic on the predominantly residential Center Street, and flooding.

One of the biggest concerns raised was whether such a large development would impact the small town feel of Braidwood, with residents arguing that they moved to Braidwood to avoid a heavy concentration of people and industrial businesses.

"Maybe we'll just do this whole thing industrial, how about that," Guinta responded to a question about whether Braidwood can handle an influx of residents.

"If we don't have answers and we don't have control, then we should probably just

JACK BARKER'S ANIMAL sculptures have been the center point of the city's roadside attraction on Route 66, known since 2012 as the Braidwood Zoo. The animals will remain on the site for the foreseeable future, but the city is still looking to eventually re-develop the lot for commercial/retail use.

Zoo animals remain caged as property development stalls

EDITOR

More than a year after the City of Braidwood eyed the site of the Braidwood Zoo for potential retail development, there's still no sign of anything changing at the roadside attraction.

City Administrator Tony Altiery said that at this time, any changes with the property are in a holding pattern.

"We've have proposals from people who'd like to come in and build businesses there, but at this point none of them have followed through or

had success with their corporate entities OKing that spot to build on," Altiery said. "If someone was to come up and ask us, is that for sale, we'd like to put this business there, we would entertain it."

The city has made efforts to clean up the area a bit, mending the broken fence around the zoo, removing the broken flag pole, and adding flowers to the landscaping.

However, as the years go on, the animals have no choice but to weather along with the hot summers and cold winters.

Love's Travel Center construction could start this fall in Wilmington

BY MARNEY SIMON
EDITOR

WILMINGTON — After a contentious public hearing last November, the Wilmington City Council approved an Annexation agreement that will allow Love's to build a Travel Center at River Road and Route 53. But despite the initial timeline to break ground this past spring, dirt has yet to be moved.

This month, the Wilmington City Council approved an amendment to that annexation agreement, fixing an issue that was helping to create the delay.

On Aug. 1, a public hear-

ing was held on that amendment, which included a change to the legal description of the map of the property.

City attorney Bryan Wellner told members of the council that the entrance drive into the property was not included properly on the initial map of the property in the initial agreement. Wellner said there was also a scrivener's error on the description of the property which was being struck in the amendment.

say no," one person yelled.

Board member Greg Boyer read off a list of questions and concerns that he had with regard to the proposal. Boyer also serves as the president of the Reed-Custer School Board.

"When you hear 400 apartments and you also served on the school board for 19 years, we like to keep our class sizes down, 15 to 18 kids to a classroom," Boyer said. "Four-hundred units, even if it's one kid every other unit, that's 200 kids, there's another 15 classrooms."

Boyer also said he'd like to see traffic impact studies, environmental studies on the flood plans and coal mine shaft areas, and a development timeline created, as well as firmer plans presented before the zoning board looks into the plans any deeper.

But, as the hour-long meeting began to wind down, folks got angry again,

shouting out everything from words not suitable for print to accusations of officials being on the take.

Zoning Chair George Kocek tried to settle the crowd with regard to the need for Braidwood to grow.

"There have been a lot of valid questions asked, in my mind as well as yours," Kocek said. "People talk about growth around us, it's a small town. Braidwood is not going to avoid that. I'm not saying that I want this proposal, but Braidwood is not going to avoid that. On south Broadway and Reed Street in Coal City, they're selling rail line industrial parking. In Wilmington, south of Lorenzo Road, they've got 2-million square foot businesses there. That's going to go all the way down to where 129 is. That's going to bring traffic in here, that's going to bring growth around us. It's going to happen, whether I like it or you like it or he likes it."

Residents took a moment to shout out that they do not in fact like it.

"The second thing I want to say,

because there are so many valid questions... unless I get a different thought from anyone on the board here, I'd like to table this, because there are so many valid questions to a future hearing. We've got to ask a lot of questions to the city attorney, to the city engineer, get together with [Guinta] and settle up some of these very valid questions, which I agree with."

Ultimately, the board decided unanimously to table any potential vote on the issue and end the meeting. That means, however, that the public hearing has been continued until a future meeting, and there is no requirement for additional public notice for future meetings.

The continuance of the hearing will be included on any agenda for a future zoning meeting, which is available at least 48 hours prior to any meeting.

"My next proposal will be a little more desirable, maybe not to everybody," Guinta said.

The planning and zoning board meets the first Monday of each month at 7 p.m. at City Hall.

Loves

"There's nothing of substance changing with the project," Wellner said. "The amount of land, the location of the drive that Love's discussed at length at the last hearing is staying exactly the same."

Alderman Kevin Kirwin questioned why the amendment took so long, considering the initial timeline to break ground this past spring.

"We were under the impression that they were supposed to break ground some time... in March, and be done by May. It's already August," Kirwin said. "I'm just asking why it would take that long to figure this out."

Wellner noted that once it was discovered that the legal description was incorrect, there were further discussions on whether Love's needed to purchase additional property to accommodate that driveway, causing some delays.

Love's Real Estate Project manager Chad Bruner said in addition to the change to the property description, there had been some permitting issues with the Illinois Department of Transportation (IDOT).

"We were expecting to be

underway this spring, but IDOT was holding us up on approvals," Bruner said. "We also had an issue where we thought we were going to have to move the drive, so again that was kind of a thing that probably took a couple of months to work through. That's kind of the latest. Right now we don't have a construction schedule."

While there is no specific date due to that IDOT permitting delay, Bruner said Love's hopes to break ground in late summer, but if not, expect movement in the spring of 2024.

Love's intends to develop 11 acres of the 32 acre parcel to include a 13,000 square foot travel center and fast food restaurant, car and diesel gas pumps, truck scales, 62 car parking spaces, and 71 truck parking spaces. The site will include construction of a private road into the new development between Kankakee River Drive and River Road. The plan represents a \$15 million investment from Love's.

Included in the agreement is a provision to conduct a second traffic study within the next 10 years, and for Love's to contribute to the addition of a stoplight if traffic and IDOT require it.

The agreement will also require the addition of turn lanes on Route 53.

When the project was first brought to the city, members of the public raised concerns over the project, including diesel pollution, traffic noise, air quality, light pollution, increased garbage, the potential to negatively impact property values for homes in Water's Edge, Northcrest and Foxtail Commons, negative effects on other local businesses, the potential for added crime, and the potential to increase truck traffic in an area already saturated with trucks.

A public hearing was held before the city's Planning and Zoning Board on Nov. 3, 2022 ended with the board unanimously voting for the council to reject the proposal.

But on Nov. 15, 2022, about 30 members of the public attended a second hearing on the site, asking the council to adhere to the zoning board's recommendation.

While members of the public expressed frustration that the issue was forwarded to the full City Council, the Planning and Zoning Board serves as a recommending body to the city, and are not the final say on any given project.

However, because the Planning and Zoning Board failed to recommend approval, the annexation proposal needed a supermajority—a total of six yes votes of aldermen—to approve the agreement.

Those who spoke out against the plans cited concerns that trucks and truck traffic are already wreaking havoc on the city and its roads, and building a truck stop only benefits those damaging trucks, not residents.

But city leaders said without the annexation agreement, the truck stop can seek approvals though Will County, meaning the truck stop is likely to be built regardless.

Approving the plans means the city has a say in how the project moves forward.

At that time, Aldermen also noted that the addition of the travel center could help make up for some of the revenue that will be lost when D'Orazio Ford and Arnie Bauer Buick, which also took over operations of Community GMC, move out of Wilmington. Those dealerships have signed a development agreement to move to Braidwood by the end of 2024.

The final vote was 6-1, with Alderman Kevin Kirwin the lone no vote. Alderman Leslie Allred was not present at that Nov. 15 meeting.

The council approved the Amendment by a vote of 6-1, with Alderman Kirwin voting no. Alderman Todd Holmes was absent from the meeting.

THE BRAIDWOOD ZOO has been a Route 66 attraction since 2012 in Braidwood.

Zoo

Altiery said that while there are no restoration plans for the animals that could use some assistance, the city would be open to residents who have suggestions on caring for those sculptures.

"At this point, I don't think any of us are qualified to restore or repair them," he said. "I believe that most of it is welded, and then it's used Great Stuff [foam sealant] between it, and then it was filed and painted."

But for now, there are no plans to make any adjustments to the site, other than maintenance.

Altiery said the expectation for the site would be to ultimately develop a commercial/retail business including a drive thru lane, utilizing the site entrances both off Front Street and Oak Street.

City leaders have expressed interest in relocating the animals of the Braidwood Zoo, but no specific discussions have been had.

The Braidwood Zoo, an enclosed area holding five animal sculptures created by late Essex artist Jack Barker.

The sculptures, which include a giraffe, bull, cow, elephant, and polar bear, were purchased by local businesses from Barker's estate after his passing and donated to the city, then

placed at the site in 2012.

In May of 2022, in a 3-1 vote, the council approved a resolution authorizing the sale of surplus real estate that makes up the site.

City leaders said commercial development was always the plan for the site, which was first acquired by the city back in 2008.

The potential development is expected to incorporate the entire property as a combination of the two lots.

The properties—151 N. Front St. and 305 E. Oak St.—were acquired by the city in 2008 and 2011, respectively, and in 2012 the combined sites were turned into the zoo and picnic area and roadside attraction. The animals were purchased by local businesses from Barker's estate after his passing, and the fencing around the zoo was provided by Exelon, now Constellation Energy.

A flagpole was added in 2016, but that flagpole was removed after it was damaged.

In 2013, Braidwood was awarded \$116,800 from the state's Open Space Lands Acquisition and Development program (OSLAD). However, after the award, the state began putting more and more conditions on the funding, which the city couldn't meet. Therefore the grant funding never arrived, despite an OSLAD sign being placed on the pavilion.

Carbon Hill, Coal City awarded improvement funds

STAFF REPORT

Over \$1.4 million in federal funding has been awarded to the villages of Carbon Hill and Coal City for public infrastructure and housing rehabilitation projects.

Gov. JB Pritzker announced on Aug. 4 that the villages were among 54 communities across the state to be awarded a portion of \$56.9 million in Community Development Block Grant (CDBG).

Carbon Hill will receive \$784,970 for public infrastructure improvements aimed at making critical repairs to water, sewer and drainage infrastructure.

"Since day one as Governor, it has been my priority to ensure that every family, individual, and child in Illinois has access to safe and healthy water, housing, and infrastructure," said Governor JB Pritzker. "That's what my administration's Rebuild Illinois capital plan is all about and now, in further partnership with the federal government, over 50 projects across Illinois will receive grants to support projects that will better our communities for years to come."

Coal City was awarded \$650,000 in housing rehabilitation funds, the second round of funding granted to the community.

"Communities in every corner of the state should have access to resources to keep Illinois families safe and healthy with a proper roof over their heads," said DCEO Director Kristin Richards. "The Community Development Block Grants will provide critical assistance to rehabilitate dozens of homes and improve infrastructure in the areas that need it the most without placing the sole burden of funding costly projects on local entities."

The funds awarded to Coal City will allow the village to rehab the interiors and exteriors of approximately 10 owner-occupied single family homes.

The CDBG dollars are overseen by the Illinois Department of Commerce and Economic Opportunity (DCEO).

The housing dollars are earmarked to assist low to moderate income homeowners complete repairs such as new roofs and windows, as well as kitchen and bath renovations, and making spaces handicapped accessible.

The financial award can be utilized across the entire village rather than a specific neighborhood as with the first housing rehabilitation project.

The village of Braceville and city of Morris were also awarded \$650,000 in housing rehab funds.

A total of \$8.4 million in housing rehabilitation assistance was awarded to 13 communities to invest in 135 housing projects.

The dollars awarded to Carbon Hill are a portion of \$48.5 million for 41 infrastructure projects designed to provide underserved communities with the funds necessary to improve public infrastructure and eliminate conditions detrimental to public health, safety and welfare.

The projects include construction of storm sewer pipes, waterline replacements, hydrant and water storage tank construction and projects to help mitigate flooding and support sewage management, water delivery and other public water necessities.

The village of Verona will also receive infrastructure funds totaling \$490,881 in public infrastructure.

Busiest roadside mowing period gets underway

The Illinois Department of Transportation is reminding the public that the roadside mowing period is underway, requiring drivers to slow down, avoid all distractions and proceed with caution when encountering equipment and personnel. The heaviest mowing operations will continue until Aug. 15.

"As we enter our peak mowing season, please remember to reduce your speed, drop the devices and drive extra carefully if you encounter workers. At the end of the day, we want everyone to get home safely," said Illinois Transportation Secretary Omer Osman.

During the summer, IDOT conducts two primary types of mowing. Safety mowing occurs directly adjacent to the road as needed. Maintenance mowing, which lasts for approximately six weeks and started July 1, includes areas next to culverts, ditches, traffic control devices and other structures, while following the Illinois Monarch Project Mowing Guidelines for Pollinators, protecting as much habitat and nectar resources as possible.

The mowing schedule helps to minimize the impact on the traveling public and encourage pollinator activity, which assists in the reproduc-

tion of flowers, fruits and vegetables that are essential to the state's ecosystem and economy.

Reducing the amount of land maintained and growing pollinator habitat also protects the endangered rusty patched bumble bee and the monarch butterfly, the official state insect of Illinois.

In 2020, IDOT joined in the launch of the the Illinois Monarch Project, a collaborative effort with local and state partners to help ensure the survival and successful migration of monarchs by increasing and protecting habitat.

Putting it in print, a letter to the editor

The newspaper is, and always has been, a bully pulpit. Whether it's a letter to the editor, or a sound off, airing opinions is a time honored tradition. Today we look at one letter to the editor from June 17, 1871 from someone who obviously hated politics, politicians and most of all taxes.

TIME WAS....
Sandy Vasko

Just the week before this letter was printed, the entire town had met to vote on incorporation. The meeting was taken over by a mob resulting in the men favoring incorporation jumping out of a window to save themselves.

A newspaper called the Western Miner had published several articles about the advantages of incorporation in Braidwood. Our letter is in response to that and was printed in the Wilmington Advocate. After a bit of ranting about kings and sovereigns the letter goes on to state why the writer was against incorporation.

1st. Our young town is very prosperous independent of Incorporation
2nd. We are sufficiently burdened by tax-

tion, without increasing the burden by our own folly.

3rd. Whereas, in our praiseworthy efforts to build homes, schools, churches, etc., for intellectual, moral and religious instruction and principles, whereby the young and old may be led in the paths of morality and virtue, and whereas, the heavy taxes of Government, State, county and Town in addition to the above., we do not feel able or willing to feed the rapacious and gormandizing appetite of corporate officers and their pets, at present.

4th. It is a well acknowledged fact that the officers of nearly all corporate bodies have oppressive laws and that they are despotic and tyrannical in the extreme, and that we could expect nothing better from those who desire to be elected to office by our votes.

5th. That we believe that the laws of the land are as much respected now, as they would be were we incorporated, and had a thousand ordinances to observe made by a few men elected to power by a few of our number.

6th. That by observing the facts and sad experience of many of the young towns, we learn, and some of us have felt to our sad experience, that the inexorable tax collector, by some reason or other, can put his hand just as

deep into the pocket of the people as the conscience of the town council will allow, and it has led some to believe that they have no conscience at all.

7th. That the seemingly plausible reasoning of some men supported, as they believe, by scraps of law, are trying to gull the people and make them believe that we can have nicely graded streets and good sidewalks, and have the laws respected and enforced for a mere nominal sum. The experience of other towns is contrary to such sophistry.

8th. That with two justices of the peace and two very efficient constables, with power to add to their number if necessary, we feel as safe in life and property as we would if we had to support a dozen dead-heads, believing them to be an honor to our village.

9th. That in the event of election to put in power these leaches of society, political animosity, jealousies and hard feelings might arise in our midst contrary to our desire and to the present good and friendly feeling that now exists among us.

10th. That we believe that the inexcusably false teachings of some who are afflicted with a disease pronounced by skill to be "Corporation of the brain," caused by too strong a desire to

make a big haul out of the baskets of loaves and fishes, and to try to make the people see through their eyes to make themselves believe that they can have graded streets, nice sidewalks, a police magistrate, constables, assessors, collector, town clerk, street commissioners, treasurer and town clerk, with all incidental expense, such as rent, fuel, light and the publishing their proceedings in their little paper, the so called Western Miner; all this would be big trade for the columns of that paper, while their furniture, stationery and a few other necessities, all can be done on a 50 per cent of assessed valuation. It is like a boy with a few pennies in his pocket, thinking to buy a fine span of horses and carriage, whose very walk and demeanor shows that he feels himself of some importance.

In conclusion, we, the citizens of Braidwood, deem it unnecessary to give this affair any further notice."

He concluded his letter with a little poem. "Raving minds and frantic screams, Of brains diseased with corporation, Need but rebuff and conduct votes, To turn their worldly aspirations."

Now that, my friends is a letter to the editor!

Longest Day Bowling nets \$9,000 to help fight Alzheimer's

The checks kept coming in, which was a good thing. And in the end over \$4,500 was generated during the recent Longest Day Bowling Night hosted by Oak Knoll Financial Strategies of Wilmington.

Oak Knoll matched the total so that \$9,000 could be donated to the Alzheimer's Foundation of America. Within the last three years the event has raised a total of \$23,000 to help fight Alzheimer's.

The event was held June 21, the longest day of the year, at Riverfront Lanes in Wilmington. Teams paying \$100 each got to bowl for three hours. There were raffles, food, strikes, spares, even a few gutter balls as Oak Knoll hosted what has become an annual event.

"Oak Knoll Financial Strategies wants to give a big shout out to all those who attended, donated and helped make our annual Longest Day

"We could not have done it without all of you," commented Jackie Danalewich of Oak Knoll who coordinated the event.

Wilmington sets its sights on the roads

BY MARNEY SIMON
EDITOR

The city of Wilmington is finally moving ahead with much anticipated roadwork projects.

The plan to repave Water Street was slated to get underway this week. While the work did not begin by the anticipated Aug. 7 start date, the plans call for a complete repaving of Water Street from Baltimore/Route 53 to Chicago Street, a much anticipated makeover for the downtown thoroughfare that has been plagued with potholes for the past several years.

The work, which does not include sidewalks or curbs, was added to this year's streets program after other slated projects came in under budget, as well as the availability of additional funds from the High Speed Rail project.

But, after the road is redone, one issue not yet decided is the parking situation downtown.

On Aug. 1, during a discussion held among the members of the City Council on roadwork plans, Alderman Ryan Jeffries said that while the initial plan is to make Water Street parallel parking for all vehicles, he'd like to see a different option when the parking gets striped.

Jeffries said turning the entire street into parallel parking would mean fewer spots. But, he said, the city has other options.

"We could gain so much if we move the centerline of the road over two feet, and put parallel on one side and angled all down the other," Jeffries said. "If we put angled down the east side starting... just past Hayden's, and run that all the way down to the park district, and just had parallel on the other side, we'd pick up almost 20 spots."

Mayor Ben Dietz said no spots were being eliminated, because striping was being added down the length of Water Street downtown, which had not previously been marked for parking.

City leaders said the decision was not yet set in stone and could be discussed at a future committee meeting.

Water Street isn't the only

planned summer road maintenance.

The city was also expected to begin work this week on Daniels Street, and on two sections of Kahler Road, including resurfacing from Water Street to Wildcat Court, as well as tar and chip from Butcher Lane to Barr Road.

Public Works Director James Gretencord said there may be a delay on the chip sealing portion of that roadwork due to the contractor. That tar and chip work will be the last of the roadwork completed.

Tar and chip differs from asphalt resurfacing in that tar and chip is a road sealing process that involves evenly spreading asphalt chip aggregate into the road, covering it with a heat seal, and rolling it smooth.

"[We plan to take] grindings from the three projects in town, take them out there, mix them in with the existing aggregate, add extra aggregate as needed to make sure we have the base we need, and then the chip seal on top," Gretencord told members of the City Council during that meeting on Aug. 1.

Tar and chip is durable and long term, and is a cheaper option than traditional asphalt repaving. But, it can be messy, which is part of the reason it is not usually utilized in busier municipal streets. Grindings go down first to build the base, then the seal is added.

While work on Water Street, Daniels Street, and Kahler Road between Water Street and Wildcat Court should take about 20 days, the tar and chip portion should take about 45 days to complete. That portion of Kahler Road will also be closed to through traffic during construction.

The anticipated cost of all three projects is \$975,000, with those dollars coming via Motor Fuel Tax (MFT) funds.

MFT funds are monies collected at the pump by the state, then redistributed to municipalities and road districts and earmarked for road projects.

"Part of pavement preservation that we've been talking about is, yes it's very important

that we're getting to all the roads and the ones that are, for lack of better words, in terrible shape. Those are getting done," Gretencord said. "But there's a two-part problem. The roads haven't been preserved in years past to prolong them as long as possible. We're dealing with a limited budget as every town in Illinois is, you have to get every penny out of that road in order for MFT to keep up as well as possible."

Meanwhile, the city council also on Aug. 1 approved an Intergovernmental Agreement (IGA) with the Chicago Metropolitan Agency for Planning (CMAP) to create a Pavement Management Plan.

The city first applied for those grant funds in 2022 to create that pavement plan, which involves a vehicle traveling city roads and collecting information with photo imaging and lasers. That vehicle mapping began over the past two weeks.

The result will be a custom maintenance/replacement plan for city streets as well as a study to determine the condition of Wilmington roads which will be used to help guide the city with which projects should be prioritized.

The agreement is for technical assistance, which is being offered though CMAP as part of their "ON TO 2050" long range plan.

That comprehensive plan includes providing such assistance to communities in Will, as well as Cook, DuPage, Kane, Kendall, Lake, and McHenry counties, as a means of advancing the plan's implementation and CMAP priorities.

Per the agreement, the city will pay \$3,000 to CMAP for the assistance, funds which will be deposited into CMAP's Local Technical Assistance Contribution Fund. That fund supports the development and promotion of the goals and policies of the Regional Comprehensive Plan.

Per the agreement, the plan and software system will incorporate existing pavement surface and condition data plus repair and treatment data for the city's streets, and then assign Pavement Condition Index (PCI) rating to surface segments, assess 5-year and

A perfect spot

WILMINGTON—Every time I see these poor refugee families from Central America sleeping in Chicago Police stations waiting for some place to live I think there is a solution right here in our town. There is a building on Kangley's Curve that could be converted into housing for them. The property has sat vacant for 14 years now and it would be nice to see it put to use. The feds could buy it and convert it into housing for the immigrants seeking asylum. Another spot could be the former St. Rose School building. It could be made into temporary housing to help these people get started in America. These people just need a break in life and my guess they would contribute to our community. I called Senator Durbin's office and suggested they take a look at it and they seemed quite interested.

It is time

COAL CITY—How do people in the West deal with triple digit temperatures sustained over many weeks? Unfortunately some get sick and die and many seek the help of mental health specialists. It is a crisis and the future for the Midwest as well with 70% of Americans worried and wishing that they could do more to mitigate the climate crisis. How did we get here? Once upon a time Republican Senators dismissed climate change by poking fun, holding snowballs in the halls of Congress. And thus the GOP wasted valuable time 20 years ago and Trump handled the issue like a total fool just 4 years ago. This is deadly serious with no more room for excuses. JP

All for votes

MORRIS—I read the Biden administration announced last week it will forgive \$39 billion in student loan debt owed by more than 800,000 borrowers. The move comes weeks after the Supreme Court struck down Biden's plan to erase \$400 billion in student debt, ruling the program required congressional approval. The new initiative which draws authority from a different law applies to long time borrowers or income driven. Repayment plans will raise payment thresholds individuals earning less than \$32,805 a year will have their monthly payments cut to \$0. A University of Pennsylvania study estimates the program will cost \$390 billion to \$558 billion over the next 10 years. It's all about making sure the young vote Democrat and they will.

Sonic and a motel

WILMINGTON—As a citizen I appreciate the fact that the City of Wilmington is surveying its citizens what they would like to see come to the downtown district and also along Rt. 66. I appreciate that the city wants input from the citizens. Obviously everything that we wish for isn't going to happen. It would be nice to see other fast food franchises come into town. I know a lot of people would like to see Wendy's and Dunkin Donuts and I personally would like to see a Sonic. It also would be nice to see hotels along Rt. 66. So that way when we have events in town like Red Carpet Corridor, the Rotary car shows, Catfish Days people would have a place to stay and that would be even more income and revenue for the city and also would create more jobs for the city. But of course you never know what's going to happen but it would be nice if we could get more diversified businesses in town. I even asked if we could have a bike path/walking path. I thank the city for doing this survey and I hope it helps them plan for the future. Thanks for trying to make this town even better than it is. Sheri Michaels

Finally

BRAIDWOOD—We are so glad they finally got their black building.

With good spirit

BRAIDWOOD— Just wanted to give a shout out to the waving guy in Braidwood. Maybe twice a week he walks up and down on Division and pace walks all over. I just wanted to give him some recognition to the waving guy. He's a good spirited person. Thank you.

Power out

COAL CITY—Why did the electricity go out the other day? I saw people working on a power line I don't know if that had anything to do with it.

I second that

CUSTER PARK—I read the sound-off last week regarding the board member from Custer's Fire department that went and sat with Braidwood during the entire meeting. I couldn't believe it when I saw that. I second that if you aren't on the side of the town that you live in, you shouldn't be on that board.

More big brother

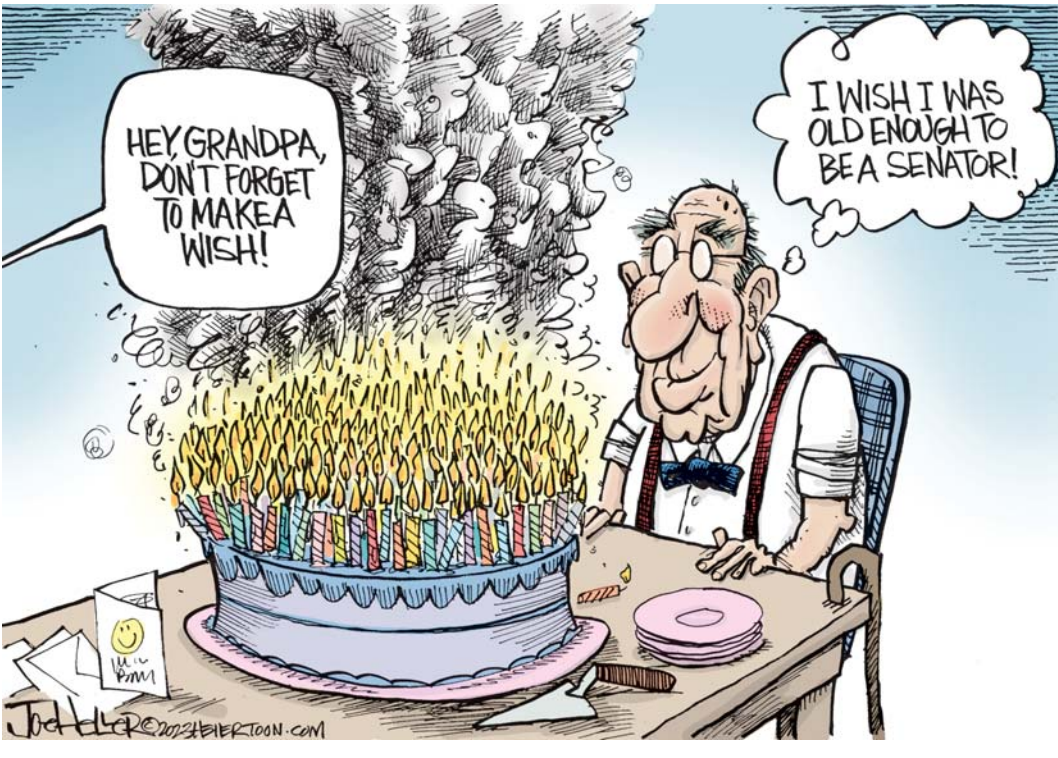

DIAMOND—You had an article in the Coal City paper about how the Village of Diamond wants to put up more cameras along Route 113. What puzzles me is how is this any different from the state's Privacy Act it's using to fine businesses who use technology to verify employees when they arrive and leave work or enter a security area where they may not be allowed to be? It's OK for the government to fine companies millions, or in Facebook's case billions, but what about our privacy when driving through town? These cameras can be used to invade our privacy without first getting our consent. Sad to see that even little villages like Diamond supporting Big Brother government in taking away our privacy.

Being neutral

CUSTER PARK—I have heard from multiple people who have the authority to make decisions in Custer Park state they are trying to stay as neutral as possible regarding the Braidwood Fire Department wanting to take over Custer. I think now is the time, unlike any other time, to put on your big boy pants and fight for the township that hired you to defend them, work for them, vote on their behalf and represent what makes sense to the taxpayers. If you choose to be a Democratic representative and a Republican tries to undermine your district, wouldn't it be your job not to say I have to remain neutral or is it your job to say that Republican is not going to change what we collectively want as a taxed entity? You chose to represent Custer Township, whether it's the fire station or the township. I signed a petition against the IGA weeks ago and I believe there are well over 100 signatures so far and growing. Either the people in charge don't have their finger on the pulse of the people or they clearly are on the side of Braidwood. Sometimes by not saying anything, is really saying it all.

If IGA fails

CUSTER PARK—So there was a sound-off last week. First I will address asking why the president of the Custer Park Fire Protection District board was pushing so hard for this IGA. Here is one possible reason. We don't have the money to keep people staffed at the level Braidwood has offered. Let me do a little explaining for you and anyone else that doesn't understand the numbers. For this coming fiscal year the budgeted amount for personnel was \$55K, for the entire year, which equates to roughly \$4,600 a month. For this last month of

payroll it came in at roughly 12k, which is roughly 1/4 of the yearly budgeted amount for personnel. So with this math we can staff the station for 1/3 of the year unless we try to rob Peter to pay Paul and move money around from other necessities that are needed to properly run a fire department. To add, furthermore it was stated during the town hall that our firefighters/EMS people are far under paid compared to neighboring communities, so what is stopping them from going to work somewhere else and then we have nobody and we are right back to relying on neighboring towns. So therefore to your point no staffing is not fixed, it has a Band-Aid making us look staffed for IDPH, until we get the ambulance licensed and then it goes away, because we are out of money. Here is reason number two: He has something that none of the other trustees have at no fault to their own, he has on the job experience, he is a firefighter and paramedic. He understands how detrimental it is to someone having a medical emergency to have an ALS ambulance getting to you quickly. Have some of the other trustees been in parts of the fire service? Yes, but none in recent years such as him. The fire/EMS service has changed rapidly over the last 10-20 years and is nothing like what it was back then. You can't run a fire department like it was ran when they were on. A prime example is look how many people lived in town, and were on the department compared to now. And lastly, before you go accusing him of putting this in the sound-off, no, it is not him. It is a concerned Custer resident that supports this IGA wholeheartedly, and can't believe someone would attack him for trying to do what's best for us residents even if the other trustees do not. Secondly I would like to address where you said Braidwood showed their desperation at the town hall. Personally I think the gentleman speaking on their behalf spoke very professionally and respectfully to both parties. Braidwood doesn't need this IGA to go through. They pointed that out when they said either way they are adding another person on duty and they will be looking into a second station across the tracks if the IGA falls through. We, as the residents of Custer, are the ones that are desperate for the IGA. We are the ones that are at risk if the IGA fails, as well as our ambulance being denied, we could lose the means to have an ambulance in our district. If you think that sounds like desperation on their part, it might be helpful to look up the definition of desperation in the dictionary, before accusing them of being the desperate ones.

Without permits

SHADOW LAKES—I live in Shadow Lakes and they signed an agreement that they would obey all of Braidwood's construction rules. Well, they did hire a building commissioner and this guy built an illegal garage, no permit, against the rules. To this day people in Shadow Lakes are still building garages on vacant lots. How can they build a garage on a vacant lot when you can't do it in Braidwood? I want an answer.

Elected, not appointed

COAL CITY—Time to end the good old boy plan. A few years ago the Coal City Fire Protection Chief was terminated. According to the board that oversees that district it wasn't any of the taxpayers business as to what happened or why. Not long after that the former fire chief was appointed deputy director of the Grundy County Emergency Management Board. Still no explanation of what happened in Coal City. There are now petitions out there to have the Coal City Fire Protection District trustees elected instead of appointed by the county. Don't you think it's time for representatives to let the public know what's going on?

Musicians invited to Circle jam

There will be a circle jam Saturday, Aug. 12, from 5 to 8 p.m. in the hall under the water tower at the Godley Park District, 500 S. Kankakee Street, Godley.

The free event is open to everyone including musicians and listeners. Donations will be accepted.

Circle jams are social hours featuring a mix of music from classic country to bluegrass and more. For more information call Randy Kiefling at 815-237-8139.

The art of doing good

How 18-year-old is saving the salmon by painting murals

BY THE FOUNDATION FOR A BETTER LIFE

When you have big dreams, you need a big canvas. Austin Picinich's dreams center on his home state of Washington and its dwindling salmon population.

While streams flow downhill into the ocean, salmon make their way upstream to spawn. But recent droughts, commercial development and pollution have made it difficult for salmon to make the journey. Juanita Creek was hit particularly hard, and while conservation groups were already at work, what the effort needed was more public attention. Restoring the creek would require the entire community to be aware of the issues and imagine what the creek would be like restored to its former abundant condition.

Austin went to work using his artistic talents to make a difference. He created Save Our Salmon through Art (SOS)

and then found the perfect wall in the community to house a mural bringing focus to the issue. Then he enlisted neighbors, friends and volunteers to bring it all to life.

"The thing about paint is that you can make mistakes and just paint over it," says Austin. "And then it will be perfect."

This philosophy of just working at it until you get it right is embodied in another organization Austin is working with: SalmonWatchers, led by biology professor Jeff Jensen. Like Austin's philosophy on painting, the SalmonWatchers program takes a fresh look at the mistakes of the past and gives the streams a makeover. Teams of SalmonWatchers volunteers are building egg incubators and natural resources for salmon to thrive. But the effort is more than a few people can accomplish. And that's where Austin put his skills to work.

By creating murals — big murals — in communities

where depleted streams run, Austin is raising awareness of the need for all to get involved. He begins a project by first outlining the mural and color-coding the sections. Then he organizes a community painting day, and volunteers show up, glad to be part of a project that supports bringing the salmon back.

So far, Austin's efforts have involved over 20 communities and nearly 400 volunteers and raised more than \$18,000 for stream restoration efforts. Austin smiles, clutching a handful of well-used paintbrushes: "I've learned that the power of WE can start with one person, even if that one person is just a high schooler who likes art."

As nature reclaims her place in our lives, we become more aware of the diversity of beauty around us. We are happier when surrounded by the abundance of life — and the good friends we enjoy it with. Put Your Talent to Good... PassItOn.com®

The annual Will County 4-H General Project show was held on Saturday, July 8. These projects are selected by the member to learn topics that interest them. This could be anything from learning how to cook, build a robot, or care for the environment.

One of the most important aspects of 4-H work is that the 4-H member decides what they want to learn and do as they explore their project. This allows the project to be self-paced, and gives children important skills in setting and working towards their goals.

When a 4-H member enters a project in their county show, it is reviewed by a judge; whom interviews the member on why the project was chosen, what was learned, how it was completed. Once rankings are selected of the project in that specific category, some are selected to represent their county at the Illinois State Fair in Springfield; giving them the chance to earn additional awards.

Awards Wesley 4-H members received at the county show included four state fair picks, six state fair alternates and eight Blue Ribbons. Wesley 4-H'ers resident in the Wilmington and Braidwood areas.

All members of clubs from across Will County that were selected at the general project show will show their projects at the Illinois State Fair in Springfield on Aug. 12, in the Orr Building.

Wesley 4-H Hustlers is one of the oldest continuously operating 4-H clubs within the State of Illinois; dating back to approximately 1927. This club was formed in Wesley Township, and today is based out of Wilmington.

The primary area of focus for this youth organization is Wilmington, Wesley, Florence, Reed, and Custer Townships in Southern Will County, but is open to all individuals regardless of location of residence.

Learn more about 4-H at www.4-H.org, find us on Facebook at www.facebook.com/4-H.

WESLEY 4-H HUSTLERS Josiah Merkel received a blue ribbon for his Woodworking 1 and a second blue ribbon for his vet science 1 project which was selected to be shown at the state fair.

SAMANTHA MERKEL of the Wesley 4-H Hustlers, received a blue ribbon at the annual Will County 4-H General Project show for her bee keeping and extracted honey. She was also selected to go on to the state fair that will be held August 12.

WOLF HOME PRODUCTS has occupied a 1 million-plus sq. foot warehouse at 30350 S. Graaskamp Blvd, Wilmington. It will be the largest warehouse for the York, PA company, serving nine states in the Midwest. The warehouse is expected to be fully operational at the end of the year.

Wolf Home Products opens Wilmington warehouse

Wolf Home Products, a leader in the building products industry, announces the start of operations for its new, state-of-the-art, 1 million+ square foot warehouse in Wilmington.

The warehouse, located at 30350 S. Graaskamp Blvd., Wilmington, is a landmark facility establishing a commitment to bring Wolf's value-added service model to the Midwest. This facility will serve the Midwest region including Western Ohio, Michigan, Kentucky, Indiana, Illinois, Missouri, Iowa, Wisconsin and Minnesota.

"This is a milestone day for us – we couldn't be more excited about the opening of this facility, and the increased efficiencies it creates to allow us to better service our customers," said Craig Danielson, CEO of Wolf Home Products.

"With multiple capabilities and offer-

ings under one roof, this expansive warehouse signifies our commitment of delivering high-quality building products and fostering business growth for our customers and suppliers in Midwestern market."

The Wilmington location will be Wolf's largest building products distribution center in the country. The warehouse will store Wolf branded products including building products and kitchen and bath products.

In addition to expansive product storage and logistics and deliveries, there will also be an employee and product training center, showroom vignettes, and office spaces. The warehouse's sheer size and education capabilities will better position Wolf to not only support and train industry professionals, but to continue delivering high-quality products efficient-

ly.

Plans are to have the warehouse fully operational by January 1, 2024. It is hiring quality control associates starting at \$19 per hour and CDL Class A driver positions at \$30-\$35 per hour.

Wolf Home Products has been transforming homes for 180 years, with a vast inventory of kitchen and bath, outdoor living and building products. Their product line include Wolf low-maintenance decking, an alternative to wood, railings, kitchen cabinetry, vanity tops, showers, outdoor cabinets and lighting, siding, trim and moldings, among other residential building products.

Wolf services the pro dealer channel with short lead times and direct dealer delivery.

Wolf Home Products is based in York, PA. It is owned by PrimeSource Brands.

Are you seeing more electric cars?

Yes, yes you are! As of April 2023, more than 3.6 million plug-in electric vehicles have been sold in the United States, with more than half of those sold since 2021.

Battery costs have fallen more than 90% since 2008, and energy density and performance have increased rapidly.

Tesla, the leader in EV infrastructure, was asked to

open their network of fast charging locations to all plug-in drivers and their plug is now to become standard. (Adapter plugs will be used to allow non-Teslas to charge safely).

Each day seems to bring news of battery recycling and chemistry breakthroughs. We are in the midst of a transportation transformation. Try to enjoy the ride!

OBITUARIES

Marjorie Clark

BRACEVILLE TWP—Marjorie Ann (Meredith) Clark, 85, of Braceville Township, passed away Sunday, Aug. 6, 2023 at her home surrounded by her loving family.

Born March 18, 1938 in Braceville, Marjorie was a daughter of Shannon and Vergie (Downs) Meredith. She was raised and educated in the Braceville area, and attended Gardner and Braceville schools. On June 22, 1957, Marjorie married Evan D. Clark in Gardner, and together they would live and raise their family in Braceville Township. She was employed for DeMert and Daughtery in Coal City for 14 years and with Dwight Coils for nine years, all the while being the loving matriarch of her home. Marjorie was well known for her cooking and baking, especially for her chocolate chip cookies. She loved horses, and was an avid Chicago White Sox fan. Marjorie's greatest joy was attending her children's, grandchildren's, and her great-grandchildren's various events.

Survivors include her six children: Cindy (Don) Kersch, of Reddick, IL; Karen (Lilly) Donovan, of Dwight; Kathy (David Sr.) Simms, of South Wilmington; Stephanie (Jeff) Sorensen, of Champaign, IL; Phillip (Dawn) Clark, of Dwight and Colleen (Bud) Turner, of Campus, IL; 19 grandchildren and 33 great-grandchildren; one brother-in-law, Tom Wendell, of Diamond, as well as numerous nieces and nephews.

Marjorie was preceded in death by her parents and her husband, Evan on Dec. 12, 2013; one daughter, Kimberly Clark in infancy, and one grandson, Michael Turner in infancy and her brothers and sisters: Trilla (Oliver) Rossio Fisher, Dorothy Meredith, Freida (Walt) Lawless, Lloyd Meredith, Helen Wendel, Millie (James) Stewart, Bob Meredith, Jack Meredith, and her twin brother, Jim Meredith.

Per her wishes, cremation rites are being accorded and a graveside service will be Friday, Aug. 11, 2023 at 2 p.m. in Braceville Gardner Cemetery where Marjorie will be laid to rest with her husband.

Preferred memorials may be made as gifts in Marjorie's memory to St. Jude Children's Research Hospital and the Kankakee County Humane Foundation in St. Anne.

Family and friends are encouraged to sign the online guest book, upload photographs, and share Marjorie's memorial page via social media.

Cremation services and memorial arrangements have been made under the direction and care of Reeves & Baskerville Funeral Homes and Crematory in Gardner.

Kristine Murphy

WILMINGTON—Kristine Marie Murphy, "Krissy," 35, of Wilmington, earned her angel wings on Monday, Aug. 7, 2023 following a valiant battle with scleroderma, which she endured with grace and dignity.

Born Oct. 30, 1987 in Joliet, Kristine Marie was a daughter of Michael and Kimberly (Evans) Murphy, of Wilmington. She attended St. Rose Catholic School; graduated from Bishop McNamara High School with the class of 2006 and went on to attend both Joliet Junior College, as well as Arizona State University.

Following her diagnosis at the age of 10, Krissy recognized all of the challenges that were presented to her, and accepted them with courage. She had a passion for cooking, was blessed to travel extensively both domestically and abroad, and enjoyed shopping. Nothing gave her greater joy however than spending time with those she loved, both family and friends.

Gone from our sight, Krissy leaves behind the legacy of being a strong and extreme warrior whose gratitude and compassion was bestowed to those around her. Her sassy, funny and often time feisty personality will forever be remembered in the hearts of those she loved, and those who loved her.

Survivors include her parents, Mike and

Kim Murphy; sisters, Michelle (Brian) Osmonson, of Diamond and Katie Murphy, of Chicago; her maternal grandparents, Donald and Nancy Evans, of Marion, IL; aunts and uncles: Bev (Chris) Brock, of Hendersonville, TN; Bruce Evans, of Marion, IL; Scott Murphy, of Wilmington and Dave (Amy) Murphy, of Peoria, IL; six special cousins and numerous close and dear friends.

Krissy was preceded in death by her paternal grandparents, Tom and Kay Murphy and an infant sister, Sarah Murphy.

The family will receive friends for a memorial visitation at Baskerville Funeral Home, 700 E. Kahler Rd. in Wilmington on Sunday, Aug. 13, 2023 from 11 a.m. until time of memorial service at 2 p.m.

Preferred memorials may be made as gifts in Krissy's memory to Make-A-Wish Foundation.

Family and friends are encouraged to log onto www.BaskervilleFuneral.com to sign the guest book, upload photographs and share Krissy's memorial page online through social media.

Cremation services and memorial arrangements have been made under the direction and care of Reeves & Baskerville Funeral Homes and Crematory.

Virginia Fritz

DANFORTH, IL—Virginia Marie (O'Connor) Fritz, 78, of Danforth, IL, passed away peacefully Aug. 3, 2023, after a long battle with dementia. She was born in Kankakee to Donald O'Connor and Mary Anne (Sullivan) O'Connor.

Virginia spent her early years shooting hoops and playing with her seven siblings on her parents' farm in Irwin, IL. Virginia and her husband, Leonel began dating after they met on the bus to their respective high schools of St. Joseph Seminary and St. Patrick's Central. Their love was evidenced by the stacks of love letters left behind from a long-distance relationship due to Leonel's time in the Air Force as well as their nearly 45-year marriage.

Virginia spent many busy years raising her four sons first in Mokena and then in St. Charles. She spent Sundays, first Saturdays, and holy days attending mass at St. John Neumann Church where she and Leonel were one of its founding families. Virginia was frequently seen with her son, Mikey and Leonel by her side. She was a devout Catholic with an especially close relationship to the Virgin Mary. Virginia was passionate in her commitment to Pro-Life work and led the Sorrowful Mother Novena each month at St. John Neumann's. Also, one of her later joys in life was singing with the local acapella group Sweet Adelines as an alto. Virginia loved and was committed to her family and to God. Her family finds comfort in the image of Mikey walking to welcome her into heaven and Leonel ready with a hug.

She will be greatly missed by her sons: Carl

(Heidi) Fritz, of Denver, CO; Tim (Gina) Fritz, of West Chicago and Matt (Traci) Fritz, of Coal City; cherished sister to Donald (Theresa) O'Connor; Maureen (Thomas L.) O'Connor; Thomas R. O'Connor; David (Martha) O'Connor; Patrick (Rose) O'Connor; Eugene O'Connor and Kathleen O'Connor; beloved sister-in-law to A. Joseph (Carol) Fritz, John (Gloria) Fritz, Leon (Teresa) Fritz, Donna (Gerald) Bernicky, and Robert Fritz and wonderful grandmother to Colin, Samuel, Molly, Eli, Amelia, Wyatt, Theo, and Henry. Virginia will fondly be remembered by friends, family, and all who encountered her quick wit and frequent laughter.

She was preceded in death by her beloved husband, Leonel Carl Fritz; son, Michael Anthony Fritz; her parents and her brother, Donald O'Connor.

On Friday, Aug. 11, 2023, there will be a recitation of the Rosary at 9 a.m. with visitation until the funeral mass is celebrated by Fr. Ron Neitzke at 11 a.m. at St. James the Apostle Catholic Church, 4372 Main St., Irwin, IL. Interment will follow at St. James Cemetery in Irwin.

In lieu of flowers, donations in Virginia's name can be made to The Marklund Fund, 15450 Wyatt Drive, Geneva, IL 60134. The Marklund Annual Fund supports the mission of making everyday life possible for individuals with profound disabilities. They compassionately cared for her son, Mike when it was needed.

Jillian R. Collins

BRAIDWOOD—Jillian R. Collins, 40, of Braidwood, passed away Thursday, Aug. 3, 2023 at her home.

Born on Nov. 7, 1982 in Joliet, she was the daughter of Thomas and Marjorie (nee Morris) Collins. She loved watching her daughter, Kaily, in sports and listening to music. Jillian also enjoyed gardening and painting. More than anything she loved spending time with her loved ones.

Surviving are her son, Bo Collins, of Braidwood; daughters, Kaily Collins, of Fort

Campbell, KY and Fiona Collins, of Braidwood; father, Thomas and Maria Collins, of Braidwood; mother, Marjorie Olah, of Indiana and sister, Jama and Justin Lenig, of New Carlisle, IN.

The family asks if you could please offer a prayer for Jillian's soul. She will be forever loved and missed.

Cremation rites will be accorded and private services will be held.

R.W. Patterson Funeral Home & Crematory is entrusted with arrangements.

George H. Boltz

GARDNER—George H. "Howie" Boltz, 64, of Gardner, passed away unexpectedly on Saturday, Aug. 5, 2023 at his home.

Born May 23, 1959 in Hinsdale, IL, George Howard was a son of George and Minnie (Jernigan) Boltz. He was raised in Hinsdale and graduated from Downers Grove High School. Howie worked for over 30 years as a welder and metal fabricator for Metaltek in University Park, IL, and most recently with Caterpillar in Pontiac, IL. He also previously served as a volunteer fireman with the Gardner Fire Department. Howie had too many hobbies to mention, but he was particularly fond of motorcycles and vintage cars. He especially enjoyed retrofitting vintage cars with racing engines, and helping his friends make parts to use on their own cars. Howie loved a good DIY project, had grown an appreciation for flower gardening, and loved classic and western films. He will be remembered for his level head, calm demeanor, and simply being a nice guy who would give the shirt off his back to anyone in need.

Survivors include his wife, GERALYNN FUNK, of Gardner; two children, Kelly Funk, of Piper

City, IL and Jackson Boltz, of Gardner; one granddaughter, Rosalina Moe; one brother and one sister: Gregory (Melissa) Boltz, of Downers Grove and Sandy (Bob) Boege, of Shorewood and his nieces and nephews: Ashley, Megan, Mike, and Matt.

Howie was preceded in death by his parents, and one niece, Cassie Boltz.

Per his wishes, cremation rites have been accorded, and the family will receive friends for a memorial visitation on Friday, Aug. 11, 2023 at Reeves Funeral Home, 203 N. Liberty St., in Gardner from 4 p.m. until the time of memorial services at 6 p.m.

Preferred memorials may be made as gifts in Howie's name to the charity of the donor's choosing.

Family and friends are encouraged to sign the online guest book, upload photographs, and share Howie's memorial page via social media.

Cremation services and memorial arrangements have been made under the direction and care of Reeves & Baskerville Funeral Homes and Crematory in Gardner.

Lanny will be laid to rest in Wesley Cemetery with his mother.

Family and friends are encouraged to log onto www.BaskervilleFuneral.com to sign the guest book, upload photographs and share Lanny's memorial page online.

Funeral services and arrangements have been made under the direction and care of Baskerville Funeral Home in Wilmington.

Sharon Lee Whittington

ST. JOSEPH, MI—Sharon Lee Whittington was born Jan. 5, 1943, in Grundy County, South Wilmington, to Lionel "Snagger" and Mary Williamson. Sharon passed away peacefully Aug. 1, 2023 in Berrien County, St. Joseph, MI, with family surrounding her. She was a secretary for the US Air Force Cambridge Research Laboratory, adjacent to Hanscom Air Field in Bedford, MA, and then at Child and Family Services in St. Joseph, MI, until retiring.

Sherry is survived by her husband, Jim Whittington, of St. Joseph, MI. Jim and Sherry were married on June 30, 1962, at the Ashbury Methodist Church of Gardner, IL. They had been married for 61 years; her two kids: Ron (Maria), of Charlotte, NC and Mindy (Todd), of Grand Junction, MI; five grandchildren: Gage (Corina) and Chas, Quinn, Ellen, and Karl; and

one great-granddaughter, Eloise. She loved her grandchildren greatly and loved spoiling them even more.

We will display a family photo at her graveside service in Braceville, taken before her illness started to show. The picture was important to her because she said it showed her entire family that everyone was in good health and beautiful, and she wanted us to remember her and our family at that wonderful moment in her life.

Family will gather at Braceville-Gardner Cemetery for private graveside services.

For more information and to visit her online guestbook, please log on to www.rwpatersonfuneralhomes.com.

LOAT NO MORE—A personal watercraft registered out of the state of Indiana is stuck in the backwash below the Wilmington South Island dam on Tuesday morning. The fiberglass hull is cracked in two and the watercraft is filled with water. While it at first put spotters on alert, fearing that someone had gone over the dam, no reports were made. It's probable the watercraft slipped free from where it was moored and floated downstream with the rising current.

A recipe made for garden vegetables

BY ELAINE OHLUND
FOOD FOR THE SOUL

Let the harvest begin. Our garden is thriving with fresh vegetables and there is nothing that makes me happier than watching my little one go to the garden to pick a fresh organic vegetable to get ready to prep for dinner.

I have found that my kids are more willing to try a new meal if it has grown from the garden and they have helped prepared the meal. So I found this great recipe with a healthy twist on tacos that is sure to use up a lot of fresh vegetables from the garden.

It is called zucchini taco boats. I mean what kid could pass up eating a boat and plus it is filled with nutritious and alkaline vegetables.

I read a book once about the Dr. Sebi alkaline diet and he argued that disease cannot exist in an alkaline environment. So filling up on alkaline fruits and vegetables is key for our health which is another reason I love this recipe.

- Ingredients**
- 4 zucchini
 - 1 cup salsa
 - 1 tablespoon olive oil
 - 1/2 cup chopped onion
 - 1 pound ground beef
 - 2 tablespoons taco seasoning
 - 1 cup of rice you prefer, cooked
 - 2 cloves chopped garlic
 - 1 bell pepper, chopped
 - 1 cup chopped zucchini, reserved
 - salt and pepper to taste
 - 1 cup shredded cheddar cheese
 - 1/4 cup chopped cilantro, optional
 - 1/4 cup diced cherry tomatoes optional

First pre-heat the oven to 350 degrees. While the oven heats up go ahead and trim the top and bottom of zucchini off. Lay the zucchini flat and slice in half lengthwise. Repeat with all four zucchini.

Next, using a spoon, scoop the center of the zucchini out leaving 1/4 inch wall around the bottom and sides of the zucchini. Repeat with each zucchini half. I like to reserve 1 cup of the zucchini meat from the center of the zucchini and give it a rough chop. We will use this in the filling.

Next, add a thin layer of salsa to the bottom of a baking

dish and lay the zucchini boats on top. You may need two dishes to fit all of the zucchini.

In a large non stick skillet, heat olive oil. Once the oil is hot, add in the onion along with a pinch of salt. Once the onion is translucent, push to the side and add in ground beef. Season with salt and break up into crumbles. Add taco seasoning and stir to coat. Next, add in the cooked rice, garlic, bell pepper and zucchini 'meat'. Season with a little more salt and pepper and stir.

Tip: If you like to stay away from too many starches and keep it really healthy, sometimes I use cauliflower rice. Berkots sells a good one in the frozen section by Green Giant

that's pretty tasty. Sometimes I like to cook it and mix chopped cilantro and squeeze a lime on top to give it a little extra zest.

Next, pour in remaining salsa, stir everything together, and simmer for 5-10 minutes. Turn off the heat and allow to cool until it's easy to handle. Divide the mixture evenly amongst all 8 zucchini boat halves and then sprinkle each half with shredded cheddar cheese.

Finally, cover with aluminum foil and bake for 25 minutes or until the cheese has melted and the zucchini is tender. Top with fresh tomatoes and cilantro.

Now you have a healthy, fun meal from mother nature.

Town hall meeting on underage drinking

The Wilmington Coalition for a Healthy Community is planning a town hall meeting on underage drinking, including a special guest speaker.

On Thursday, Aug. 24 at 6:30 p.m., parents of teens are encouraged to attend this special session at the Wilmington City Hall, 1165 S. Water St., Wilmington.

Parents will learn how to avoid the trap of acceptance of underage drinking, avoid the trap of social host responsibility, avoid the trap of parental allowance and of addiction.

Someone who will talk about his addiction is former Major League baseball player Scott Spiezio, a two-time World Series champion.

Don't let pain keep you from enjoying activities you love.

Grundy Bank hosting school supply drive

As the school year is almost in full swing Grundy Bank has partnered up with the Wilmington School District and is hosting a school supply drive now thru the Sept. 1.

"Every kid deserves the best school experience. That is why this school supply drive is near and dear to our hearts. We want to help every student have all the supplies they need to have the best school year possible," said Stefany Mickelson, Branch Manager & Assistant BSA Officer.

Grundy Bank is accepting a wide range of school supplies for children from kindergarten to 12th grade. It aims to support students in their academic pursuits and ensure that they have all the necessary materials to succeed this year.

The community will be able to find a basket in the bank's lobby where donations can be dropped during bank hours. Items needed include pencils, notebooks, backpacks, glue sticks, boxes of facial tissue, wipes, crayons and more are worthy items.

"We are excited to help our Wilmington community and local families that may be in need this school season, we know that a good start to the school year is important and we are happy to help," said Christine Mendez, Marketing & Sales Director. "Even if you can donate something small, it all goes a long way."

If unable to donate during bank hours, kindly reach out to the branch directly and we will be more than happy to assist you. Your generosity will go a long way in empowering students to achieve their academic goals. Grundy Bank appreciates your support and looks forward to making a meaningful impact in our community together.

Please contact Grundy Bank directly at (815) 476-7460 for more information.

Grundy Bank is proud to say they have served Grundy County and southern Will County for over 159 years with their financial needs. For locations and information on Grundy Bank call 815-942-0130 or visit grundy.bank.

New law will help with police officer shortage

Republican U.S. Rep. Mary Miller helped ignite a firestorm over the weekend of July 29th when she expressed her disgust on social media with Gov. JB Pritzker.

Miller (no relation) claimed on Twitter that Pritzker had signed a bill late on a Friday afternoon "to allow illegal immigrants to become police officers, giving non-citizens the power to arrest citizens in our state."

Miller continued by claiming: "No sane state would allow foreign nationals to arrest their citizens, this is madness!" Her more well-known Republican colleague Lauren Boebert amplified the issue the next day and Fox News picked up the ball and ran with it. The rest of the right-wing media soon followed and a typical feeding frenzy ensued.

Trouble is, Rep. Miller's own husband, state Rep. Chris Miller (R-Oakland) (also no relation), voted "Yes" on the House's initial version of the bill, which would've allowed non-citizens to become police officers.

Oops. House Bill 3751 cleared the House on a unanimous roll call on March 24th. It specifically struck out an existing state law which prohibited sheriffs and law enforcement from employing non-citizens as law enforcement officers. The bill then added language allowing those non-citizens who are "legally authorized to work in the United States under federal law," and who received federal approval to "obtain, carry, or purchase or otherwise possess a firearm," to become law enforcement officers.

The bill was supported by various groups, including the Chicago Fraternal Order of Police, and passed 101-0. One of the bill's chief co-sponsors was Rep. John Cabello (R-Machesney Park), a Donald Trump-supporting police officer.

After the bill arrived in the Senate, its sponsor added an amendment allowing people, "against whom immigration action has been deferred by the U.S. Citizenship and Immigration Services under the federal Deferred Action for Childhood Arrivals (DACA) process," to also become police officers.

Sen. Dan McConchie (R-Hawthorne Woods), the former Senate Republican Leader, voted for that version, but all other Senate Republicans opposed the bill as amended, as did two Democrats, Sens. Patrick Joyce (D-Reddick) and Willie Preston (D-Chicago).

Most all House Republicans stood firm during their chamber's motion to concur with the new Senate amendment, including House Republican Leader Tony McCombie. Not one member of McCombie's leadership team voted against the motion, which passed 100-7. However seven of the eight members of the House's self-declared "Freedom Caucus" voted against it, including Rep. Miller. The eighth member, Rep. David Friess (R-Red Bud) had an excused absence.

Gov. Pritzker eventually pointed out on Twitter that House members, "including those who are now complaining about it," had voted for the bill before the Senate Republicans "started spreading lies."

State Rep. Miller responded to the governor online by claiming his own vote against "legislation allowing non-citizens to arrest actual citizens," paled in comparison to Pritzker's "blatantly attacking the Consitional [sic] right of

Illinois is not 'common sense.'" Ms. Miller should've maybe had a talk with her husband last spring.

As you might imagine, several House Republicans are eager for this particular news cycle to end. It's enraging the base, and there's some worry that it could lead to some Republican primary challenges.

But Leader McCombie went on a southern Illinois radio station WJPF last week to defend her fellow Republicans who voted for the bill.

"Every single [House] Republican, all 40 of us, voted for this bill," McCombie told host Tom Miller (also no relation). "And that is because what the media is saying is not accurate. You can't have 40

honest citizens to bear arms." But, again, state Rep. Miller did indeed vote to allow "non-citizens to arrest actual citizens." His spouse, the congressperson, tweeted at Pritzker the same day that "Giving foreign nationals the power to arrest U.S. citizens in Illinois is not 'common sense.'" Ms. Miller should've maybe had a talk with her husband last spring.

Republicans voting for a bill that is going to have undocumented illegal immigrants become a police officer. That is not gonna happen." She also rightly pointed out that the asylum-seeking migrants pouring into Illinois won't qualify, either, because they're not allowed to work.

McCombie blamed Democrats for creating an environment that is forcing people out of policing as a career. This bill, she said, could help alleviate that problem. And she stressed that only people who could be approved by the federal government to possess and carry a firearm would qualify.

"It is a conditional step to support law enforcement," McCombie said. "It is not, it is not a license to give illegal immigrants, undocumented folks who are coming across our borders illegally, the ability to become law enforcement. Hard stop."

Rich Miller also publishes Capitol Fax, a daily political newsletter, and CapitolFax.com.

Tips on grilling green

Dear EarthTalk: I've heard that grilling generates a lot of pollution and greenhouse gases. Are there greener types of grills or grilling methods that are more planet-friendly?

—Bill D., Raleigh, NC
We certainly do love to grill. Whether it's hot dogs, burgers, steaks, salmon or shish-kebab, chances are you and/or your neighbors have grilled it up recently. But all that grilling can't be good for the planet or our carbon footprints.

the best option since they release particulate matter into the air.

Researchers in the United Kingdom report that a typical summer barbecue for four people releases more greenhouse gases into the atmosphere than an 80-mile car journey.

There are two major types of charcoal: lump charcoal, which is roasted wood; and briquettes, which are laced with chemicals and flammables. Both release very toxic volatile organic compounds and carbon monoxide when burned.

There are several types of grills that can contribute to pollution, and your grill is most likely included.

But, between both of them, lump charcoal is the more sustainable option.

Charcoal grills release more emissions because they are literally burning carbon. If you live in a poorly ventilated area, charcoal grills may not be

On the other hand, propane and natural gas grills emit significantly less pollutants than charcoal grills; however, they do burn fossil fuels.

They are more efficient, cooking faster easier, but still release chemicals like Nitrogen oxide, although usually on a smaller scale compared to charcoal grills.

An even better option are electric grills. These might be pricier, but they do significantly reduce emissions and will last a long time without refueling.

They rely on electricity from the grid, so their environmental impact depends on the source of electricity generation.

Choosing renewable energy sources, such as solar or wind power, further enhances the sustainability of electric grills. Similarly, infrared grills use infrared radiation for cooking.

Instead of heating the air around the food, they target the actual metal and food on the grill. They also lock in moisture making them ideal for cooking steaks, burgers and other meats.

Grilling is an integral part

of our culinary culture, but it is essential to acknowledge and address its potential environmental impact.

By embracing sustainable alternatives, such as electric grills or infrared grills, we can still indulge in grilling while minimizing our carbon footprint.

Will County program offers group buying of solar power

WILL COUNTY – Will County residents and small business owners are invited to learn about the benefits of solar energy and participate in a group buy program to reduce installation costs.

"Through the Solar Switch program, we are excited to empower our residents with the means to access clean energy solutions that not only save them money, but also contribute to a healthier environment," said Briana Moore, Energy & Conservation Specialist for Will County's Land Use Department.

The Resource Recovery and Energy Division of the Will County Land Use Department is once again partnering with the Midwest Renewable Energy Association (MREA) and the Citizens Utility Board (CUB) to host Solar Switch (formerly Grow Solar) program events in Will County.

Two in-person Solar Power Hour events are currently scheduled in Will County:

The program offers homeowners and small businesses an opportunity to learn what solar energy can do for their energy costs and access to an affordable group buy program to purchase solar assets.

Monday, Aug. 21 - 6:30 p.m. - 1501 W Boughton Rd, Bolingbrook, IL (St. Francis of Assisi)

Free "Solar Power Hour" events will be held to inform residents on solar technology, its environmental benefits, and the federal and local incentives that make it more accessible. Attendees can also learn more about the group buy opportunity designed to lower energy costs.

Thursday, Aug. 31 - 6 p.m. - 10 S 404 Knock Knolls Rd, Naperville, IL (McDonald Farm)

Residents can also view a pre-recorded Solar Power Hour online at any time by visiting <https://solarswitch.com/en/willcounty/info/webinars>.

Solar Switch Chicagoland is a no-cost program for the Chicagoland area offered through MREA and CUB (nonprofit organizations) and iChoosr, international experts in solar group purchasing.

Price at the pump jumps

Gasoline prices were 58¢ cheaper per gallon at stations just 18 miles apart on Monday as the price for fuel remains unstable in Illinois.

In Bourbonnais, the price at noon on Monday was \$3.44/g, while in Wilmington it was \$4.02/g, a difference of 58 cents. In Morris stations were charging \$3.79/g to \$3.95/g depending on which side of the road you turned.

Braidwood area stations had a wide range of prices, anywhere from \$3.81/g to \$4.09/g. While in Coal City the average was \$3.89/g.

"Average gasoline prices continued to move up last week thanks to a continued rise in oil and continued pressure from hot weather that impacted refineries. However, the pace of increases has started to slow down over the last few days, and for now, appears to have hit a peak over the weekend and is beginning to gently fall," said Patrick De Haan, head of petroleum analysis at GasBuddy.

Average gasoline prices in the state climbed 6.9 cents per

gallon to \$4.04/g Monday, according to GasBuddy's survey of 4,378 stations.

Prices in Illinois are 20.5 cents per gallon higher than a month ago and stand 34.8 cents per gallon lower than a year ago.

One bad sign for the transportation sector is diesel prices on the rise. It climbed 14.9 cents in the last week and stands at \$4.143 per gallon.

"The price of diesel, however, continues to rise at a fairly strong pace, with average prices up nearly 15 cents per gallon from a week ago. Diesel will likely continue to see upward momentum while gasoline price increases should become more limited. But, with oil remaining under pressure from Saudi Arabia extending its 1 million barrel per day production cut into September, the respite from gasoline rising may not last long."

The cheapest station in Illinois was priced at \$3.37/g while the most expensive was \$5.19/g, a difference of \$1.82/g.

SUDOKU - Here's how it works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle.

Wilmington Public Library District passes ordinance for additional tax levy

PUBLIC NOTICE

WILMINGTON PUBLIC LIBRARY DISTRICT ORDINANCE 24-2
WHEREAS the Board of Trustees of the Wilmington Public Library District, Will County, Illinois, is desirous, during the fiscal year commencing July 1, 2023 and ending June 30, 2024 to expend funds for equipping, maintaining, and repair of the library building and equipment of the Library District.
NOW THEREFORE BE IT ORDAINED, by the Board of Trustees of the Wilmington Public Library District, as follows:
Section 1. The provisions of Chapter 75, Section 16/35-5 of the Illinois Compiled Statutes (ILCS) provide for the levy of an additional tax of .02% of the value of all the taxable property in the district, as equalized or assessed by the Department of Revenue, for the purchase of sites and buildings, for the construction and equipment of buildings, for the equipment; and the corporate authorities of the district have determined and propose to levy said tax.
Section 2. That the Wilmington Public Library District determines to levy for the fiscal year ending June 30, 2024, a tax of .02% of the value of all the taxable property in the district, as equalized or assessed by the Department of Revenue, for the equipment of its library building, and for maintenance, repairs and alterations of its library building and equipment.
Section 3. That a copy of this ordinance be published within 15 days after its adoption at least once in a newspaper published in the district.
Section 4. That notice is also hereby given that within 30 days after publication of this notice and ordinance, a petition may be filed with the corporate authorities, signed by electors of the district equal in number to 10% or more of the total number of voters registered for the last preceding regular district election (6208), asking that the question of levying such a .02% tax be submitted to the electors of the district. The question shall be certified to the proper election officials, who shall submit the question at an election in accordance with general election law. The date of the prospective referendum is March 19, 2024.
PASSED, by the Board of Library Trustees of the Wilmington Public Library District, Will County, Illinois, this 17th day of July, 2023 and ordained effective as of this date.

No such thing as inclement weather for Wilmington Sharefest

Photos by Marney Simon

SOMETHING TO SHARE! The rain couldn't dampen the giving spirit that took over Wilmington on Saturday, Aug. 5, for the annual Wilmington ShareFest. Hundreds of cars line up along Kahler Road and Wildcat Drive for the event at Wilmington High School, which included a free food distribution as well as services from more than a dozen local organizations. The annual event is an opportunity for families from across the area to get some assistance for their daily needs, where nothing is "for sale." Rather, the event is like a chance to go shopping, without having to pay, with volunteers handing out goods such as bicycles, smoke detectors, haircuts, diapers, and a carload of food. Will County Workforce Solutions was also on hand to assist job seekers. This was the fourth year for the event in Wilmington. ShareFest Will County is a non-profit organization with the mission to reach the deepest needs of those in Will County, with assistance for food, clothes, educational supplies, healthcare, employment opportunities, and environmental impact projects. Find more information on www.sharefestwillcounty.org.

THERE WERE plenty of shelf stable goods available including boxes of cereal, along with paper goods, produce, and milk at the fourth annual Wilmington ShareFest.

July brought much needed rain

STAFF REPORT

After a couple of dry months, the skies opened up over Grundy County and dropped 6.31 inches of rain in the month of July. One particular storm brought high winds and tornados.

The storm system that blew in on the evening of July 28 downed trees and power lines in many areas of the county and a tornado struck the Grundy County portion of Minooka with 85 mph winds that crossed into Channahon

and 95 mph winds were recorded on the Kendall County side of the village. The National Weather Service has classified the tornados as EF-0 and EF-1, respectively.

Grundy County's peak wind gust was recorded that evening at 50 mph in Morris.

The Grundy County Emergency Management Agency (GCEMA) reports the highest 24-hour precipitation amount was recorded at 1.10 inches on July 13, one of 12 days with measurable rain last month.

The July rains bring total

liquid precipitation for the year to 20.36 inches, over 2 inches shy of where the county was last year.

The average July temperature was 74.1 degrees with a low of 56.9 degrees and a high of 96.8 degrees. There were six days in the month when temps exceeded 90 degrees.

The monthly climatological data summary is compiled from records collected and kept at the GCEMA office in the Grundy County Administration Center at 1320 Union St., Morris.

Farm Progress Show to include soybean display

BLOOMINGTON—The Illinois Soybean Association (ISA) is excited to return to the Farm Progress Show.

Illinois Corn will also be participating and exhibiting how Illinois farmers' checkoff dollars are fueling progress for Illinois agriculture.

The Farm Progress Show runs Aug. 29-31 in Decatur.

This year, ISA and IL Corn are highlighting the organizations' dedication to the use of biodiesel and ethanol. The theme "Fueling Progress" calls attention to the importance of utilizing biofuels.

In the co-branded booth, guests will find games and activities for kids, hands-on-learning experiences, like an interactive display of ISA's Trade and Export Journey map, and opportunities to see how ISA and IL Corn are working to make the most of your checkoff dollars while

creating increased opportunities and returns for Illinois farmers.

To demonstrate the versatility of soy, ISA is funding the application of soy-based asphalt in the Varied Industries Tent, as well as a soy-based dust suppressant to the gravel roads inside the exhibit grounds.

"The Illinois Soybean Association is proud to take part in implementing soy-based products at this year's Farm Progress Show. Utilizing soy-based products over their traditional counterparts has several benefits, as is better for our environment, increases demand and new markets for Illinois soybeans," said ISA Chairman, Ron Kindred.

"Thousands of attendees and exhibitors attend Farm Progress Show, so it's the perfect time and place to showcase the versatility and usefulness of Illinois soy."

2023 Custer Township assessment of all real properties

PUBLIC NOTICE

NOTICE TO CUSTER TOWNSHIP TAXPAYERS: ASSESSED VALUES FOR 2023

Valuation date (35 ILCS 200/9-95): January 1, 2023
Required level of assessment (35 ILCS 200/9-145): 33.33%
Median level of assessments for the County: 33.33%
Valuation based on sales from (35 ILCS 200/1-155): 2020, 2021, 2022

Publication is hereby made for equalized assessed valuations for real property in this County in accordance with 35 ILCS 200/12-10. As required by 35 ILCS 200/9-210 and 35 ILCS 200/10-115, the following equalization factors have been applied to bring the assessments to the statutorily required three-year median level of 33.33%:

Table with 2 columns: Property Type and Assessed Value. Includes Farm Land and Farm Improvements (1.0000), Residential (1.0538), Commercial (1.0000), Industrial (1.0000), and Farm Homesite and Dwelling (1.0538).

Pursuant to 35 ILCS 200/10-115, the Farm Land assessments for the 2023 assessment year will increase by 10% of the preceding year's median cropped soil productivity index as certified by the Illinois Department of Revenue with data provided by the Farmland Assessment Technical Advisory Board resulting in a \$42.61 per acre increase/decrease for each soil productivity index.

Questions about these valuations should be directed to:

Andrew Kooistra
35332 Grant Ave.
Custer Park, IL 60481
(815) 629-6032
Office Hours are: By Appointment Only

Property in this County, other than farmland and coal, is to be assessed at a 33.33% median level of assessment, based on the fair cash value of the property. You may check the accuracy of your assessment by dividing your assessment by the median level of assessment. The resulting value should equal the estimated fair cash value of your property. If the resulting value is greater than the estimated fair cash value of your property, you may be over-assessed. If the resulting value is less than the fair cash value of your property, you may be under-assessed. You may appeal your assessment to the Board of Review.

If you believe your property's fair cash value is incorrect or that the equalized assessed valuation is not uniform with other comparable properties in the same neighborhood, the following steps should be taken:

- 1. Contact your local Township assessor's office to review the assessment.
2. If not satisfied with the assessor review, taxpayers may file a complaint with the Will County Board of Review. For complaint forms, instructions, and the Rules and Procedures of the Board of Review, call (815) 740-4648 or visit www.willcountysa.com for more information.
3. The final filing deadline for your township is generally 30 days from this publication date. The filing deadline is September 11, 2023. After this date, the Board of Review is prohibited by law from accepting assessment complaints for properties in this township.

Your property may be eligible for homestead exemptions, which can reduce your property's taxable assessment. For more information on homestead exemptions, call (815) 740-4648 or visit www.willcountysa.com.

Your property tax bill will be calculated as follows:

Final Equalized Assessed Value - Exemptions = Taxable Assessment
Taxable Assessment X Current Tax Rate = Total Tax Bill

All equalized assessed valuations are subject to further equalization and revision by the Will County Board of Review as well as equalization by the Illinois Department of Revenue. A complete list of assessments for this County for the current assessment year, except for those assessments that were changed solely by equalization as noted above, is as follows:

2023 Reed Township assessment of all real properties

PUBLIC NOTICE

NOTICE TO REED TOWNSHIP TAXPAYERS: ASSESSED VALUES FOR 2023

Valuation date (35 ILCS 200/9-95): **January 1, 2023**
 Required level of assessment (35 ILCS 200/9-145): **33.33%**
 Median level of assessments for the County: **33.33%**
 Valuation based on sales from (35 ILCS 200/1-155): **2020, 2021, 2022**

Publication is hereby made for equalized assessed valuations for real property in this County in accordance with 35 ILCS 200/12-10. As required by 35 ILCS 200/9-210 and 35 ILCS 200/10-115, the following equalization factors have been applied to bring the assessments to the statutorily required three-year median level of 33.33%:

Farm Land and Farm Improvements	1.0000
Residential:	1.1020
Commercial:	1.0000
Industrial:	1.0000
Farm Homesite and Dwelling:	1.1020

Pursuant to 35 ILCS 200/10-115, the Farm Land assessments for the 2023 assessment year will increase by 10% of the preceding year's median cropped soil productivity index as certified by the Illinois Department of Revenue with data provided by the Farmland Assessment Technical Advisory Board resulting in a \$42.61 per acre increase/decrease for each soil productivity index.

Questions about these valuations should be directed to:

Mary Jones
 440 N. Division Street
 Braidwood, IL 60408
 (815) 458-6068
 Office Hours are: By Appointment Only

Property in this County, other than farmland and coal, is to be assessed at a 33.33% median level of assessment, based on the fair cash value of the property. You may check the accuracy of your assessment by dividing your assessment by the median level of assessment. The resulting value should equal the estimated fair cash value of your property. If the resulting value is greater than the estimated fair cash value of your property, you may be over-assessed. If the resulting value is less than the fair cash value of your property, you may be under-assessed. You may appeal your assessment to the Board of Review.

If you believe your property's fair cash value is incorrect or that the equalized assessed valuation is not uniform with other comparable properties in the same neighborhood, the following steps should be taken:

- Contact your local Township assessor's office to review the assessment.
- If not satisfied with the assessor review, taxpayers may file a complaint with the Will County Board of Review. For complaint forms, instructions, and the Rules and Procedures of the Board of Review, call (815) 740-4648 or visit www.willcountysoa.com for more information.
- The final filing deadline for your township is generally 30 days from this publication date. The filing deadline is September 11, 2023. After this date, the Board of Review is prohibited by law from accepting assessment complaints for properties in this township.

Your property may be eligible for homestead exemptions, which can reduce your property's taxable assessment. For more information on homestead exemptions, call (815) 740-4648 or visit www.willcountysoa.com.

Your property tax bill will be calculated as follows:

$$\text{Final Equalized Assessed Value} - \text{Exemptions} = \text{Taxable Assessment}$$

$$\text{Taxable Assessment} \times \text{Current Tax Rate} = \text{Total Tax Bill}$$

All equalized assessed valuations are subject to further equalization and revision by the Will County Board of Review as well as equalization by the Illinois Department of Revenue. A complete list of assessments for this County for the current assessment year, except for those assessments that were changed solely by equalization as noted above, is as follows:
